Sub Category: Rebar Slicers

To whom it may concern:

Your products was submitted to the Product Review Committee of the Idaho Transportation Department (ITD) for our consideration. In reviewing your product application and associated documentation, we have determined that your product, as submitted, has met the minimum requirements for placement on our Department's Products List (QPL).

The product has been approved for placement in the category/subcategory listed above. It will remain on our QPL list as long as it continues to meet the Department's product specifications and performs satisfactorily under field conditions. As a requirement for continued placement on our QPL you must also submit updates to us whenever any changes are made in regard to the product, company name and address or contact information. This will allow our listing to stay current and will prevent your product from being removed from the QPL due to out-of-date information.

We reserve the right to request samples for testing at our convenience and/or require the submittal of current test data from a qualified testing laboratory for our review should the product fail to perform satisfactorily or if changes are made to the product after placement on our QPL.

If you have any questions in regard to our QPL you may contact me at 208-334-8440, or Newproducts@itd.idaho.gov. Our website is <http://apps.itd.idaho.gov/apps/materials/QPL.aspx>, should you wish to check on the status of your product approvals.

Sincerely,

A handwritten signature in black ink that reads 'Patti Fanckboner'.

Patti Fanckboner
